

Engineered Products Built for Performance

Products

- Modular Mechanical Rooms
- Heat Transfer Packages
- Filtration Systems
- Domestic Water Booster Systems
- Packages Sewage Lift Stations
- Pump packages of any configuration
- Spirex Centrifugal Separators
- UL Labeled Control Panels

- Heavy Duty Lined Mag-Drive ASME/ANSI Pumps
- Heavy Duty Lined Mechanical Sealed ANSI Pumps
- Lined Vortex Pumps
- Self-Priming Mag-Drive Lined Pumps
- Lined butterfly, ball, check and control valves

A Family and Employee Owned Company

- Submersible solids handling and grinder pumps
- Control Panels
- Packages Basins

- Float Switches and float switch brackets
- Pump guide rail systems and accessories
- Lifting chain
- Alarm panels

- Resilient seated and high-performance butterfly valves
- Triple offset butterfly valves
- Pneumatic, electric, and hydraulic valve automation packages

- Fiberglass and polyethylene basins
- Access covers
- Guide rail systems
- Fiberglass and Polyethylene valve vaults
- Basin accessories

- Ball Valves
- Automation packages
- Severe Service Metal Seated Ball valves

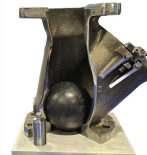

- Close coupled end suction pumps
- Vertical process pumps
- Irrigation pumps
- Marine duty pumps
- Booster systems

- Rotan rotary gear pumps

- Submersible sewage, sump, and portable dewatering pumps

- Control Valves

- Wafer check valves

- Knife gate valves

- Fiberglass Tanks

- Direct In-Line Pump System

- Full line of Vacuum Pumps

- Light duty and traffic rated access hatches

- Heat Trace Solutions
- Freeze Protection
- Temperature Maintenance
- Snow Melting Systems
- Roof and gutter Ice Melting
